

Group 4 Project Presentation Times

- The Group 4 Project Symposium is the evening of November 13, 2018.
- There are three times slots for presentations; early, middle and late. Please arrive in the upper commons at the times noted for your group.
- Don't remember what group you are in? Check with your other group members.
- Several students indicated scheduling conflicts. Priority was given to school-related conflicts such as play rehearsal and IB Music. Please keep in mind, there are nearly 400 students participating in the G4P. Not everyone will have their conflict accommodated—as many as could be, were. Please accept your time slot that has been assigned.
- If you miss this evening, it will affect your final grade on the project. There will be one make-up time set (to be determined) when you (not your whole group) will be expected to come in and give your group's presentation in order to make up the points you miss by not attending.
