Please refer to your High School Course Catalog for detailed course descriptions.
A student’s math abilities are closely connected to success in science.
The Washington Comprehensive Assessment of Science (WCAS) is used to fulfill graduation requirements for the Class of 2021 and beyond.
The WCAS assesses Life Science, Physical Science, and Earth & Space Science Standards.

International Baccalaureate Science Courses

Courses marked with an asterisk * are year 2 of a 2 year sequence.
They must be taken after year 1. IB testing occurs at the end of the 2nd year of an HL Course.

CTE COURSES THAT QUALIFY FOR HIGH SCHOOL SCIENCE EQUIVALENCY
